Water vapor isotope experiment was conducted at Heihe site (arid artificial oasis), Zhangye, China (38.85N, 100.37E) from May 2012 to Sep 2012.

1. Time stamps

Data files are stored in hourly resolutions using start and end time stamps (YYYYMMDDHHmm).

2. Data format

Data files are CSV formatted.

3. Time zone convention

Time is reported in UTC.

4. Missing data

Missing data is replaced with -9999.

5. Variable definitions
